SERIAL NUMBER 266

Introducing 2000LXS SN 266— where exceptional pedigree is just the beginning.

In the super mid-size category, the Falcon 2000LXS is in a class all its own. It offers 4,000nm range, a certified ceiling of 47,000 feet, and remarkable short-field performance. The 2000LXS cabin is both spacious and quiet, providing a comfortable, productive environment for both domestic and intercontinental destinations.

2014 SN 266 is at the head of that class, with one U.S. corporate owner since new and a flight operation so impressive you'll want to see it for yourself. The pedigree of this aircraft is immediately apparent. The condition of its paint and interior will instill the highest confidence in how this aircraft has been cared for since its delivery.

2000LXS SN 266 is also well equipped, featuring a 10-passenger configuration in warm, neutral tones, with Avance L5 WiFi, synthetic vision, FANS/CPDLC capability, and more.

We invite you to call now to learn more;
then schedule a visit to see this outstanding aircraft.
