## Introducing Bombardier Challenger 650 SN 6060. Incomparable pedigree. Exceptionally equipped.

Pedigree. It's the foundation of confidence in an aircraft acquisition. Confidence that comes from knowing who's owned the aircraft, where it's been based, and how it's been operated and maintained.

In the Challenger 650 market, no aircraft inspires that confidence like 2015 SN 6060. It's had one owner since new, a Fortune 100 leader in the aerospace industry. It's been operated by a top-tier corporate flight department to the very highest standards, and has been impeccably maintained since day one.

Serial Number 6060 is exceptionally well-equipped, featuring a premium suite of avionics and connectivity including KA-Band wi-fi, HUD and EVS, FANS/CPDLC capability, Part 135 Package, triple IRS, and more.

The spacious cabin comfortably accommodates ten passengers and is finished in a rich palette of earth tones, layered in warm browns, tans and taupe. The level of care throughout the aircraft is unmistakable.

We invite you to call now to learn more about Challenger 650 SN 6060, the one and only in its class.
